Perhaps no other instance more fully than the commentaries on this text (I Cor: 7, 21) illustrates the marvellous untruthfulness-willful or ignorant-of the partizan homiletics, which declare or insinuate that such views as those held by the slaveholding churches, are confined to persons whose slavery prejudices lead them to pervert the Scriptures from their generally accepted sense. By way of illustrating this, the citations of commentators on this passage are here arranged in three classes: First, generally received older commentators of the modern anti-slavery era. Second, commentators prior to that era. Third, the most learned and generally accepted of the more recent living com mentators. It will be perceived that while they take opposite views of the phrase, "use it rather" all agree in the general construction of the passage followed in slaveholding churches.

Of the first class may be taken as specimens, Macknight, Dr. Clark and the Comprehesive Commentary. Thus Macknight's.

"Art thou called being a servant?" Since the gospel makes no alteration in men's political state let every christian remain in the same political state in which he was called. The Covenanter's Scaffold Song. Sing with me! sing with me!

Weeping brethren sing with me! For now an open heaven I see, And a crown of glory laid for me. How my soul this earth despises! How my heart and spirit rises! Bounding from the flesh I sever;

Sing with me! sing with me! Friends in Jesus, sing with me! All my sufferings, all my woe, All my griefs I here forego. Farewell terrors, sighing, grieving, Praying, hearing, and believing; Earthly trust and all its wrongings, Earthly love-and all its longings

Sing with me! sing with me! Blessed spirits sing with me! To the Lamb our song shall be, Through a glad eternity! Farewell earthly morn and even, Sun and moon, and stars of heaven, Heavenly portals ope before me, Welcome, Christ, in all thy glory!
