III. This General Assembly deems it proper, furthermore, to declare authorita-tively the following principles, and to set forth the following statements to the end that peace and harmony may be restored to the church at large under its care, and

that all persons in its connection may be well and faithfully informed of their duty. 1. While in the provisions hereinbefore nnounced for the purpose of restoring to the church, under proper ecclesiastical re-lations, ministerial brethren, elders and churches, whom we regard as having put themselves in antagonism to the just authority of the church, and especially of the General Assembly, this supreme judi catory has endeavored to do this in such a manner as, on the one hand, to recog nize and maintain the just authority of the General Assembly, and on the other to extend the hand of fraternal kindness

and welcome to brethren who have erred 2. This present action severs no one from the church, but leaves the responsi bility of final separation upon those who fail to give heed to the provisions now and herein made for their remaining in or return to the church of their fathers, whether they be ministers, elders,

churches, or any organization claiming to be Presbyteries and Synods. 3. The plan now proposed and recom-mended to this General Assembly for adoption, recognizes, on the one hand, the authority of the last General Assembly in citing the signers of the aforesaid "Declaration and Testimony" to appear before this present General Assembly, while, on the other hand, it remits their cases to the lower courts for final disposition, in a way which every minister and member of the church must regard as regular, and with the simple requisition that the said signers comply with the

terms above specified. This course does not even require said signers to renounce the principles of church order, which they affirm they conscientiously entertain, nor is it the wish of the General Assembly to interfere with their conscientious convictions; nor, furthermore, does this plan come in conflict with some good and wise brethren, who have denied or seriously doubted, competency of the last General Assembly to issue the summons to the signers of the aforesaid "Declaration and Testi mony," to appear at the bar of the present they have done in this matter." If men from conscientious scruples or otherwise, sidered and solemn decisions, instead of persisting, through a series of years, in open defiance of its authority, they should, as Christian men, and in the exercise of their Christian liberty, quietly withdraw from the church. From the present condition of things, however, this General Assembly is not disposed to take any further notice of the offense of and Testimony, or their refusal to obey the aforesaid citation of the last Assem-bly, than is provided for in the plan herein set forth—the restoration of peace and harmony, and the return of these brethren to their proper relations in the church. 5. In regard to the two brethren who have obeyed the citation aforesaid, the Rev. J. A. Quarles, who signed the aforesaid "Declaration and Testimony" before the last General Assembly met, and the Rev. Wm. C. Handy, who has signed it since, and who appears before the present General Assembly in obedience to a supposed "order of the Synod of Baltimore this General Assembly expresses its grati-fication at their manifest obedience, and feels called upon to take no further order in their respective cases than to enjoin them to repair to their respective Presbyteries, and comply with the requisitions hereinbefore set forth; Mr. Quarles to appear before the nearest Presbytery which adheres to the General Assembly. REVIEWS.

THE CHRIST OF THE APOSTLE'S CREED-th Voice of the Church against Arianism,-Strauss and Renan, with an Appendix. By Rev. W. A. Scott, D. D. New York Anson D. F. Randolph, pp. 432.

The first thing that strikes one in taking up this book is the great beauty and re fined taste displayed in its "getting up." rests with unwearied pleasure upon the The beautiful paper, clear, open readable type invite the reader in a way that is hard to resist if he were so disposed. Mr Randolph has reflected credit upon the American press in this publication.

The subject matter of this volume i worthy of the dress in which it appears, for it is no less than the faith of the church concerning the person and work of Christ as it is set forth in the most ancient creed that has come down to us from the past. This creed of Christendom concerning Christ, Dr. Scott undertakes to expound, illustrate and defend in a series of lectures which he delivered to his congregation in New York city.

In this day when so many pulpits are perverted to the discussion of secular and identical report, in writing, which I sub- Mr. Rodes stated that he had invited political topics, and so many ministers are seeking after sensational themes, it is really gratifying to find this prominent pas tor, in the great metropolis of the country leading his large congregation for months to the consideration of such questions as are discussed in this volume. If we are not greatly mistaken, Dr. Scott's friends bers of this church, as intimated by R. up his paper and circulated it—and Mr. and the Christian public will agree in pronouncing this volume as superior to any of his previous works. He seems to have that I had not, as the following statebrought to the task he assigns himself his best powers and a large amount of reading. The design of the author is evidently to present the great themes which he discusses in a way that would be attractive and instructive to intelligent Christians. In this we think he has eminently succeeded. The style is perspicuous and that Mr. Smoot had never denied showunaffected—the arrangement judicious the argument scriptural and well sustained; and while in the nature of the case the principles which he discusses are as old as Christianity itself, and have occupied the thoughts and pens of the ablest theologians in every age, yet Dr. Scott has succeeded in presenting the whole subject with a freshness that will interest the present generation, and we would be glad to know that the audience of hundreds Graham if necessary. He is the Grawho listened to these lectures had been increased to thousands by their publica tion; and this we say, notwithstanding the fact that we do not agree to every statement made, nor subscribe to all the positions defended. For instance, Dr. Scott maintains with earnestness that our Lord has ascended to heaven and set down at the right hand of God the Father in the material, human, identical body he had when on earth-in all this we agree with him, for this is the doctrine of Scripture and the faith of the church-but when he incautiously goes further and speaks of our Lord's body in heaven as "flesl and blood and bones like ours," (p. 301, we cannot admit the statement; for Paul says the believer's body is to be fashioned like Christ's glorious body, and in another place he tells us that "flesh and blood doth not inherit the kingdom of God"but we are to be changed, and if the believer's body is not to be a body of flesh and blood and is to be changed until it is and blood and is to be changed until it is generally with the latter part of Herdman's statement "a body of flesh and blood"—is not organized precisely as his body on earth

Dr. Breckinridge moved the adoption of the report, and made the following remarks: "There are a great many things in this report to which, in order to get rid of the difficulty, I might give my consent, but which, if taken separately, I would resist with all my might. But considered as part of an extremely difficult and complicated case, to which this committee have addressed themselves with great patience, and on which I personally know they differ very much from each other in regard to many parts of the subject; and considering it as holding out the lowest possible terms to the gentlemen who have left the Church, on which they can return into it, I will agree to this report, and will vote for its adoption now, or at any other time, considered as a whole. But if portions of the report are rejected, and those portions which I deem to be important, I will consider myself bound, and those who act with me, by no such action. If the Assembly will adopt the report I will gladly, as a compromise, vote with them.

The last clause of the resolution, I would suggest, should be changed in such way as to show what I suppose is their meaning-that those only who are here now, who have answered to the citation be heard.

Dr. Stanton-If they are not here, they can't be heard.

Dr. Breckinridge-But there is no telling how soon they would come here. Dr. Stanton-I would hear them all if they came.

Dr. Breckinridge-I would not. There are about a hundred and fifty of them, and I could not sit here four years. I would say to my fathers and brethren, (and I suppose there is no egotism in saying it), as one of the persons who have been in the very focus of this furnace, that I have been persecuted, and afflicted, and threatened with death, all of which, by the blessing of God, I have escaped, though it would glad to see come back. It must be admitted that the old body hering to the truth and the great prinand difficulties through which the Presbyterian Church has passed during the last fifty years, I doubt if there is a single Presbyterian within the limits of the United States that has more firmly adhered to the truth as taught in our standards, and more faithfully stood up for order and government of the years, and may say with perfect confidence that during that period, and, indeed, might say during the whole his-

But this has always been done in a respectful manner, and not in a spirit of resistance to the authority of this body, when that authority was rightfully and constitutionally exercised, but always from an earnest desire to preserve the truth as to doctrine and order and general government, and to perpetuate that truth in its purity.

Well, sir, I may say further, that this Presbytery has always been represented in this body. I have made some inquiries on this subject, and, as far as I can ascertain, it has never failed to have its representative here, and has always been considered an integral part of the Presbyterian Church in the United States, entitled to its rights and privileges as such, and willing, at all times, to fulfill the obligations resting
